Apparently,

idiot.

(The other 9 chose the 3DO™ system over other home gaming systems at the 3DO Challenge.)

We invited visitors at 3DO promotional displays to check out a side by side comparison with other home gaming systems. 9 out of 10 people who completed the Challenge chose the 3DO system. (The other 1 probably still likes disco music too.) They were asked about stuff like graphics, sound quality, and bitchin-ness of play. But hey, you're a 90's guy. You don't believe everything you read. Fine. Good. Come and see for yourself then. Take the 3DO Challenge. Unless of course you're too busy watching Disco Fever reruns.

Just another afternoon by the pool.

Make no mistake. This ain't some chaise lounge-reclining, cocktail sippin' affair. **Samurai Shodown™** on the **3DO** brings home all the bad-assness of the arcade original. Sure. We could have softened the carnage-intensive graphics. But we didn't. And sure, we could have left out the brutal, bone-shattering game-play. But that'd **suck**. And yeah, we suppose we could've even caved in and lost some of that freakin' **arterial spray**. But hey. We broke a few rules. So sue us! And **hack** to your little heart's content. But be careful. With **32-bits**, you could poke an eye out. If you're lucky.

Choose from 12 lethal characters to kick your friends' butts with: from the depraved Genan Shiranui to heroic Hanzo Hattori and Jubei Yagyu. Sweeties, every single one of 'em.

Combat close-ups with special, patented zoom camera. Wide angles for planning your cuts (chops, roast, cutlets). Tight angles for precision strikes and deadly stunt moves.

Decimate and annihilate your opponents with those special moves – like Kyoshiro's Kabuki Crunch Dance and Genan's Slaughter House Tumble. It's pure poetry. Pure butchery.

Ever blown
your
inner ear
out your
nose?

Nothing's worse than a mean dose of **Vertigo**—except maybe a crushed kidney. 'Cause in **Off-world Interceptor™**, Crystal Dynamic's™ vicious 4x4 off-road kill-fest, **grabbing air** is just another

perk. (Check out the extreme, 32-bit texture mapped, **butt-bone** smashing terrain!) As a bounty hunter, your job's to scrape up the **scabs** that society's picked off and flicked your way. **Crush'em** beneath ten tons of screaming steel, **cremate'em** with blazing napalm cannons. Whatever it takes—cause given half a chance, they'll be thrilled to **deep-fry** your customized Monster Stomper into a **crispy** mess you wouldn't serve in **Hell's Kitchen**. One last thing—buckle up. Because coming down's a **bitch**.

On the way up, you gotta whup a couple'a tough mo'fo's. This game's no exception. They're called Bosses. But don't bother ass-kissing 'cause you'll lose more than your face.

Ditch the KC lights, cause this ain't no sausage-on-a-stick stadium show. Beef up your 4x4 with trick engines, air grabbing jump jets and carcass-carving pulse lasers.

Exorcise all that repressed juvenile behavior with our head-to-head, "waste-er-buddy" 2 player mode. Freud'd be embarrassed. But Genghis Khan would totally approve.

"Any closer Dog Breath, and I can braid those nostril hairs. Get this man some clippers and a mint."

Sick of pointless full-motion video? Well, bite us, we're doin' it anyway. We've dropped in some smart-assed punks sittin' up front talking smack.

It's one brain-frying, TV-land trip, where dining out means **crunchy** dragonflies, juicy

Look through your fighter's eyes. But take a hard one to the head and you may be looking through just one eye. Or your vision will blur.

Or you'll see "red." Worse yet, you could end up seeing double and have to fight two Alis.

Ali never left a face the way he found it. And with 21 camera angles you see all the action. TV-style presentation gives you commentary and stats. Now all you need is a trainer.

Re-stage many of boxing's most unforgettable and illustrious fights. Step through the ropes in any one of three modes: career, tournament, or exhibition. 15 different fight features let you customize each championship bout.

Live your dream of stepping into the ring with Muhammad Ali. Or was that a nightmare? Either way, prepare yourself to go nose to fist with one of the greatest fighters of all time.

Do you want to play against the pros? Or be one? 14 have had their real swings digitized into the game. Strengths and weaknesses. Although don't count on too many weaknesses. They are, after all, PGA TOUR pros.

When you play the PGA TOUR you've got to play the championship courses. The real ones. With even more courses available to add to your tournament repertoire. Don't forget, you're playing from the blue tees.

Since there's no caddie, "Picture in Picture" lets you see hole fly bys, watch your shot from the ball's viewpoint, and review every hole from multiple perspectives. And you don't have to give it a percentage of your earnings.

Funny what happens to an 18-inch putt
when it's for a PGA TOUR championship.

Full-motion video games
as you know them
are now as dead as this guy.

Yeah, we know full-motion video games in the past sucked.

But we solved that mystery. Now it's up to you to solve this one.

Capture a vicious killer by jumping from one suspect's mind to

the next. The story unfolds through their point of view. Seamless, real-time video

requires you to make life-saving decisions instantly. So if you sit

around and don't interact, someone's going to turn up dead. Which is

bad, since you're supposed to be collecting clues, not corpses.

Here's the new A-110 "Barracuda" Fighter. Fast. Powerful. And heavily armed. Another tactical advantage in the war for the worlds.

Choose from any one of several starting worlds. But be prepared. It's lethal from all of them.

IT'S AN EXERCISE VIDEO

This is the new Hellfire rocket. The name speaks for itself.

The new "Big Ben" Gun Turret is a perfect defender. Its deadly firepower, ultra-heavy shielding, and 360° rotation will blow your mind. And blow aliens away.

The battlefield is 400% larger. And doesn't have paths. Which gives you, and your enemy, more room to rumble.

FOR YOUR TRIGGER FINGER.

This is the new H-3 "Typhoon". A hovercraft. It may be small, but it's highly maneuverable. And the fact that it can carry its own weight in weapons makes it highly efficient in close combat.

Consult your physician before attempting strenuous warfare. Shockwave™ 2 on the 3DO™ system has 50 minutes of full-motion video and even more killing power than its predecessor. Three new vehicles to attack from. Each with its own unique destructive capabilities. Lots of new weapons. And plenty of new aliens firing back. Stretching and warm-ups are advised.

Electronic Arts software for the 3DO system is about to revolutionize the way you play games. The new 3DO system delivers photo realistic graphics, CD-quality sound and gameplay so real it's hard to tell where your living room ends and the software begins.

Electronic Arts has been at the forefront of innovative technology throughout our ten year history. We have supported all of the major successful hardware platforms, and led the pack onto the Sega® Genesis.™

Now we've recognized the technological leap 3DO has to offer and we're planning to introduce twenty new titles for 3DO over the next twelve months.

THE FACE OF

THE FUTURE

We are developing titles with Hollywood-style special effects, full-color video and intense gameplay. This new software ranges from Super Wing Commander® to PGA TOUR® Golf to Peter Pan. Grab the controls of your fighter jet and stop the alien invasion in Shock Wave.® Fight your way to the Super Bowl® in John Madden Football,® your cleats biting into the turf. Rip through the squalid city streets, the cold, hard bite of a steel chain assaulting your face in Road Rash.® It's software as you've never seen it before. Face the future with Electronic Arts and 3DO.

ARE YOU A GIRLIE-MAN OR A MEGARACER?

Choose your vehicle wisely. Along with your speed and cunning, it may be the only thing that keeps you alive when you battle evil enemies like The Eviscerator and Rabies.

Spectacular fully rendered animation, amazing 3-D graphics and pulse pounding sound effects make MEGARACE a rowdy, super-charged, one-of-a-kind virtual driving experience.

Over 25 minutes of full-motion digitized video commentary by MEGARACE host Lance Boyle, 15 full rendered tracks, hot rock music track and the virtual ride of your life (or death).

Welcome to a future where anything - absolutely anything - goes. MEGARACE is the auto combat game that combines mind-blowing driving with no rules, no holds barred combat and the most depraved road gangs ever assembled.

MEGARACE goes light years beyond today's generation of games with visually stunning cyberscapes, surreal track layouts and the kicker of them all - you're actually a gameshow contestant on VWBT (Virtual World Broadcast Television) with your host Lance Boyle.

Host Lance Boyle

You get real "television look" graphics with smooth action made possible by advanced compression techniques and real time data transfers from CD-ROM. Thrill to more than 25 minutes of digitized video that will forever change the way you look at video entertainment.

With MEGARACE, it's your speed, your aggression and your cunning that will get you through. Winning is the only thing that counts. It's either that or die.

Strap in and get ready for a rollercoaster ride from hell.

More powerful, more colorful, more responsive than ordinary systems. 3DO technology is so real it hurts. And Panasonic makes the only system that has it.

Put on your protective gear; what we've got here is no sissy video game.

You're barreling downfield toward the end zone, eating up yardage when suddenly you see him. 240 towering pounds — and talk about muscles — there isn't a flat surface on this guy! Or anywhere on your screen, for that matter. We're talking near 3-D graphics here.

You fake to the left, the right — the program gives you total freedom. But he crushes you just the same.

First and goal, the crowd goes ballistic, and you watch an instant replay that actually comes up instantly. Before you know it, you're in formation again. Breath short, knuckles white, heart pounding — this is a video game that makes you break a sweat. This is R•E•A•L.

Quarterback perspective with EA's 3DO™ John Madden Football.™

Introducing the Panasonic R•E•A•L 3DO Interactive Multiplayer, the most highly-evolved integration of audio, video and interactive technology available. It plays audio and photo CDs, and soon, with an optional adapter, video CDs. It will introduce you to a stunning new generation of interactive education, information and entertainment software. And it makes video gaming come to life.

With 50 times more power than ordinary video game systems and PCs. Up to 16 million displayable colors for photorealistic picture quality. Digital CD sound (with right and left outputs for stereo hookup). And a 32-bit RISC chip architecture that makes interaction fast and furious.

All of which means less lag time, better visuals and more play options as you lead your team downfield.

In other words, it's real.

Strap yourself in; this is no armchair flying game.

You plunge into pursuit, barrel-rolling through the atmosphere at Mach speeds. Pulling up to skim the planetary terrain, you lose your horizon and go into a spin. Earth. Sky. Earth. Sky. Earth. And your stomach just can't catch up. This is a video game you can feel. This is R•E•A•L.

ICEBREAKER™

Destroy All Pyramids.

Pyramids. They're sneaky, evil, cunning, loathsome and downright nasty. Use your brains and a plasma blaster to clear all 150 levels of surprisingly treacherous terrain. Live or die, you'll rock while you try to kill the four-faced menaces of Icebreaker.

You're outnumbered and alone.

Beware of the "Seekers," they're Pyramid Dudes that move. They attack you from all directions. They lie in wait and pounce on you when you least expect it. They're just not nice guys. Lime Dudes are smart. Yellow Dudes are dumb as rocks. Zombies take three shots to die. Some regenerate. And some are immune to your plasma blaster. But wait, there's more.

You can't even trust the very

ground you stand upon. There's slippery ice. And swamps. And lava. And pits. And other terrible terrain. Best to watch your step. The only good pyramid is a dead pyramid. Use your head. Use your blaster. Just stop 'em. Then try to stop. Really, try to stop. Four difficulty settings - Easy to Insane, and 150 levels to clear. ICEBREAKER is certifiably, indubitably addictive.

Super graphics? Check out the Chameleon Dudes, Orange Meanies, Green Slime and Murky Swamps. Tempting, animated, 3-D, deadly. Look all you want. But don't get too close.

Wild sound effects? Hear Dudes scream - just taunt 'em into a pit. CD-stereo background music is way cool. No really. Change the track to your liking. You've got 18 choices: you've gotta like at least one.

Addicted yet? You will be. Action, destruction, strategy, ice, slime, lurkers, and yes, that's right, green grass too. So be persistent, destroy all pyramids and feel pretty good about it.

If Ignorance Is Truly Bliss,

CAPTAIN QUAZAR™

You're Looking At The World's Happiest Guy.

Just who are the Captain's legal guardians? The demented designers at Studio 3DO, of course. Who else would crossbreed a muscle-bound hero and a mental midget, then give him a loaded weapon? To find out what else they've got tucked in their tights, see your favorite retailer or to order direct, call 1-800-336-3506 or look us up on the Web: www.3do.com

He believes in truth, justice and that Elvis is alive and pro wrestling is real. He's Captain Quazar, with a body of solid rock and a head to match — and he's only on 3DO. Brandish big weapons, shoot big criminals, and get a big... bonus from the Intergalactic Police!

Outstanding, action-packed gameplay. Simultaneous two-player shooting with tons of targets to blast. Explore 10 big levels on 3 crime-infested planets. Each world challenges you with new missions and a bevy of drug runners, terrorists and felons.

Sex. Drugs. Violence. Weapons. San Francisco. Men In Tights.

SNOW JOB™

Tracy Scoggins (*Dynasty, Lois & Clark*) is New York assistant DA Lara Calabreeze - the long arm (and legs) of the law. One of 20 suspects is out to snuff her. No wonder her fuse is shorter than her skirt. Guns, gangs, strippers. Quick. Somebody frisk me.

STAR FIGHTER™

A must own for hard-core shootists. A smorgasbord of violence. Soar, explore and shoot the smores out of anything that moves (or is dumb enough to sit still). Huge 3D world, huge missiles, huge fun. Fly anywhere, shoot anything. You choose. It's the American way.

So what chaste champions of family values came up with this collection? The developers with a morally-high-fiber diet, Studio 3DO, that's who. Gaming geniuses that have generated more solid hits than the last Tyson fight.

Like great space combat and bitchin' weapons? So do we. As hero Derek Freeman, you must locate starships and brave pilots to fight some surly aliens. Of course, that entails shooting the green snot out of them. Can't we all live in peace and harmony? In a word, no.

BATTLESPORT™

Arena football meets General Patton. You choose a tank. You load up on firepower. You enter the arena. You try to score goals while opponents try to blast you to hell and back. It's a sport where a cup doesn't offer much protection.

GOLDEN GATE: TREASURE BY THE BAY™

Someone left more than their heart in San Francisco. It's hidden treasure, and no Tony Bennett around to help you locate it. Decipher puzzles, scour for clues amongst the 3000 beautiful watercolor images of the City by the Bay. Like MYST? You'll love this.

CAPTAIN QUAZAR™

"Look! Up in the sky! It's a rocket!" No, it's a grown man in very snug tights. Meet Captain Quazar - the bumbling superhero with powers far beyond mortal men (and brains far below). Battle evildoers with an arsenal of weapons and the wits of the witless Captain.

KILLING TIME. What a politically correct title, eh? You're trapped in a horrifying 3D world of the undead. But lucky you. You've brought along some serious firepower. GRIDDER

They're Gridders™ – huge crusher blocks designed to stop you from solving this exciting action strategy game for 3DO™ systems.

Enter the futuristic 3D industrial world known as the Gridders Corporation. Using strategy, logic and skill, you must negotiate over 30 different levels - each with a new puzzle to solve - to unlock the secret technology located in the basement of this industrial complex.

Each level in Gridders can be solved in more than one way, and each is more challenging than the last. The secret is to disrupt the pattern of the Gridders as they move in their mysterious patterns across the factory grid. You'll encounter Killer Gridders and other hazardous objects as you try to release the green pyramids from Generator Gridders. These are the key to moving from one level to another. You will also need to find and use life-saving objects along the way. And listen to your cyber-dog, Fidex™ - his bark can save your life.

With CD quality music, animated plot sequences and incredible 3D effects, you'll need plenty of the grey matter or very quick feet to beat the Gridders. One wrong move...and they'll be scraping you off the block with a shovel.

The 3DO system and 3DO software are available from Game Limited, selected HMV stores, Virgin Megastores and all good independent dealers.

TAG, YOU'RE DEAD

RETURN FIRE

Your front line looks like Swiss cheese, and your tank's in flames. If you don't retreat and regroup, the flag's going to fall. And you're gonna get tagged.

In Return Fire, firepower is key, but strategy is what keeps you alive. From helicopters that make Apaches look like Pocahontas, to tanks straight out of your worst nightmares, your mission is to disable enemy forces, blow your way into hostile territory and retrieve the flag with a ground-pounding jeep. But this is no one-sided kill-fest. Your enemy is in your face trying to do the same thing to you.

With superb overall detail, major multimedia video, and a killer stereo soundtrack, Return Fire is an all-out firefight that keeps you thinking all the time. But don't think too long. Because there's a battalion of bad guys just looking to put the tag on you.

Lock The Door. Swallow The Key. 3DO On The PC.

 If you've seen 3DO™ on a TV, you ain't seen nothing yet. Introducing 3DO Blaster™ - the ultimate game platform for your

PC. 3DO realism and gameplay on a single expansion card.

Now you can experience thousands of colors, 64-million pixels per second animation and full-motion video on your high-resolution PC monitor.

Without taxing the power of your PC.

A 32-bit RISC chip and twin graphics processors do all the work. Along with a Digital Signal Processor (DSP) that supplies CD-quality stereo (requires a 386/20 or higher PC, Creative Labs CR-563 CD-ROM drive, Soundblaster™ with CD-Audio connector and speakers).

Included with 3DO Blaster are two of the hottest 100+ and growing 3DO titles. In SHOCK WAVE™: The Sci Fi Movie Experience, you'll defeat alien hordes by flying combat missions over photo-realistic locations from L.A. to the Amazon. 20+ minutes of Hollywood-style video is woven

Included are mind-warping, best-selling 3DO titles: Gridders™ & SHOCK WAVE™

into the action.

In Gridders™, you'll join Zack and his cybernetic dog, Fidex™, as they outsmart the killer Gridders to learn the terrible secret hidden in the depths of a factory. The deeper you

go, the more complex the interactions become.

So what are you waiting for? Call 1-800-331-1371, ext. 501 to order your 3DO Blaster today. Or for more information or the dealer nearest you, call us at 1-800-998-5227.
